SUMMARY

I am a dynamic and motivated programmer with a passion for technology and keen interest in software development. My journey in the world of programming has equipped me with a solid foundation in HTML, CSS, C and Java Programming, allowing me to translate innovative ideas into practical, user-friendly solutions.

SKILLS

■ C programming

■ Java

■ Python

■ HTML

■ CSS

PROJECTS

Created a personal Portfolio Website

- It showcase my Projects, Education Qualifications and other information about me.
- Created using HTML and CSS.

Designed a landing page for local store

- Displays contact details, services and products available at their store.

Designed a Profile Card

- It's allows users navigate to Authors social media accounts such as LinkedIn, GitHub, etc.

Developed a ML Model for Dynamic Price Prediction

- This model help retailers evaluate the potential impact of sales and estimate the right price for each product they want to sell it in a certain period of time.

EDUCATION

• Bachelor of Technology in Information Technology

Sri Indu College of Engineering and Technology. (2022 - 2024)
